

Town launching summer day camps

Orangeville's Summer Camp program is gearing up for another season, with six to eight camp programs running each week for nine weeks.

The various day camps, geared towards children 5-13 years of age, with a leadership development program for ages 11-13, starts next Monday, June 29, and ends August 28. The camps run each week day from 9 a.m. to 4 p.m., with before and after care available.

There are three age divisions: 5-7, 7-10, and 11-13. Camps are offered at Orangeville's two recreation centres, at Island Lake Conservation Area, Mono Cliffs Provincial Park, and Lynbrook Golf. Some camps that have proven popular this year include Bugs, Slugs & Goo (a camp that had to be expanded to accommodate the demand); Mad Science, Hike It, Olympic Trials (non-competitive sports); Xtreme Sports (skateboarding and biking), and Leadership.

The all-time favourites are back and include play camp, cooking camps, art and drama, photography and golf.

More than 600 slots have been filled in the day camp program and there are still openings in some camps. Xtreme Sports II and Leadership I run July

6-10 and have the option of a trip to Wild Water Kingdom on July 9.

Art Expression and Leadership III camps run July 20-24 and have an option to go to a Blue Jay game.

Leadership II and Survivor run August 10-14, with an option to go to Ontario Place.

Further information is available on the Town's website at www.orangeville.ca or via an e-mail to summecamp@orangeville.ca. Registration is in person at the Alder Street Recreation Centre.

Given that Orangeville has been chosen as a Vancouver Olympic Torch Relay Community Celebration site and that the Olympics take place this coming winter, this year's summer camps will have an Olympic theme, with an opening and closing ceremony each week for each camp program.

Children's Recreation Programmer Tracy Kelly says the focus of the camps is building healthy and active children, providing them with a minimum of 60 minutes of physical activity every day in a safe and supervised environment.

She has recently attended seminars on the future trends in child development and has 16 years of experience in program-

ming at two other municipalities.

"The key component is physical literacy - run, skip, jump - all similar initiatives to the in motion campaign."

Ms. Kelly says many of the summer camp staff has returned from last year and she's looking forward to another successful summer camp program.

Erin Myers of Shelburne is the assistant co-ordinator this summer. She has just graduated from Brock University, earning an Honours B.A. in child and youth studies.

She will be attending the Faculty of Education at the University of Western Ontario in the fall.

Erin has been a camp counsellor for the last four years in Shelburne.

Sarah Laughton, of Caledon, is a graduate of Brock University in kinesiology and her future goal is to become a teacher. This is Sarah's second year with the Orangeville summer camp program. She has worked with the Town for six years in aquatics, as a lifeguard and instructor.

Mandy Bradberry, of Grand Valley, attends Nipissing University in North Bay where she is

going into her fifth year in the concurrent education program. Upon graduating, she will earn a Bachelor of Education and a Bachelor of Arts, majoring in psychology. This is Mandy's second year with the summer camp program in Orangeville and she plans to become a teacher in future.

Adam Arcuri, of Orangeville, will enter his third year at Ryerson this fall, in business administration. His future goal is to become an entrepreneur. This is Adam's second year with Orangeville's summer camp program.

Holley Shaw, of Grand Valley, attends Nipissing University. She will enter her fourth year this fall, on her way to earn a B.A. in psychology and geography, and to eventually become a teacher. She has worked with Orangeville's aquatics as a lifeguard and instructor for five years. This is Holley's second year with the summer camp program.

Katie Papple, of Orangeville, will enter her third year at Nipissing University in September and she is in the concurrent education program, with an honours in English and a minor in religion. Her goal is to become a teacher in future and this is her second year with the summer camp program.

In September, Sydney Duncan, of Orangeville, will enter her second year at the University of Western Ontario where she is studying health sciences and French. Her goal is to have a career in education or health sciences. This is Sydney's second year with the summer camp program.

The junior camp counsellors start work next week, preparing for Monday's start of the day camps.

Conservatory adds to current staff

The Ontario Conservatory of Music in Orangeville has welcomed two new senior teachers.

Jacob Whately and Maureen Klassen have joined the conservatory's team of professional teachers and are accepting new students for summer and fall programs.

Mr. Whately has completed his Grade 9 R.C.M. Practical Piano as well as Grade 3 History and Harmony. Ms. Klassen has completed grade 9 R.C.M. Practical Piano and Advanced Rudiments of theory.

Both teachers have completed Basic Teacher Training and are currently working on the next course level. Both live in Orangeville and are teaching piano and theory courses.

FISHING FOR A PROCLAMATION: Mayor Rob Adams was up past his ankles in water as he and Bob Shirley, left, and Bob Little got ready for the upcoming (July 10-12) Ontario Licence-free Family Fishing Weekend in Orangeville. The Friends of Island Lake, of which Mr. Shirley is the chair, will be joining the Dufferin Northern Peel Anglers and Hunters Association, of which Mr. Little is president, to stage the Fishing Tournament & Family Camping Weekend at the Island Lake Conservation Area. For more information, call 1-800-367-0890.

PLAN NUMBER 2-3-703

THREE-BEDROOM FAMILY HOME

On the façade of this three-bedroom family home, two-storey stone pillars support an exposed open truss above the front deck, adding character to the exterior. The home's covered entrance, on the ground floor, is highlighted by the dramatic sweep of semi-circular steps to the front door, leading to a good-sized foyer, which includes a bench and a coat cupboard. To the right of the foyer, an irregular-shaped den is fitted with a built-in desk. Useful for homework or any paper work, this desk could be the ideal place for the family computer. Behind the den is the laundry room and beyond that, an unfinished basement area that includes roughed-in plumbing for a bathroom. This will make it easy to add an extra bathroom for a suite, if local bylaws allow. A bench by the front door and a coat cupboard complete the foyer area and a door provides access to the two-car garage. The stairs to the second level lead directly into the expansive family area. The great room, located at the front of the house, includes a gas fireplace that will also be enjoyed from the kitchen and dining room. An entertainment unit on one side of the fireplace provides a location for stereo and DVD accessories. A door from the great room opens to the front deck, which also enjoys access from the master suite. The dining room includes an optional buffet and is immediately adjacent to the large kitchen, which is sure to be appreciated by the cooks in the family. The kitchen's central island will be useful for the additional working and storage space it provides, and this one also features a two-sided eating bar. There's plenty of countertop space, as well as pantry. A window over the double sink opens up the view across the sundeck to the back garden. A door from the kitchen provides access to the deck, spacious enough for alfresco meals during the summer months. In the sleeping wing, the master suite is located at the front of the home, with access to the covered front deck -- a feature that will be much enjoyed by the homeowners, who are sure to enjoy stepping out to this attractive indoor/outdoor space. Bedrooms two and three overlook the back garden and share a three-piece bathroom. The home measures 43 feet, 8 inches wide and 43 feet, 4 inches deep, for a total of 1,299 square feet of finished living space.

Plans for design 2-3-703 are available for \$532 (set of 5), \$592 (set of 8) and \$640 for a super set of 10. Please add 5% G.S.T. or 13% H.S.T. (where applicable) to both the plan price and postage charges.

Our NEW 41ST Edition of the Home Plan Catalogue containing over 300 plans is available for \$13.50 (includes taxes, postage and handling). Make all cheques and money orders payable to "Home Plan of the Week" and mail to:
