

Everyone is invited to attend the 7th Annual Dedication Service of

DODS & McNAIR MEMORIAL FOREST

“The trees of the wood shall rejoice before the Lord.” Psalm 96
Sunday, September 13th, 2009 at 2:30 p.m.

Island Lake Conservation Area, Orangeville - Hwy. 10 and Buena Vista Drive - Left on Hurontario St.

Please Note: Seating limited, to ensure a seat, please bring a lawnchair. Please plan to arrive early due to the expected volume of guests.

The purpose of our Memorial Forest Program is to provide an opportunity to commemorate the life of a loved one, in a special way, by planting a tree -- a Living Memorial. Each tree in this natural forest will be in memory of one who has lived. A tree symbolizes strength, shelter and durability, and by planting a tree it is a symbol of hope, a sign of a new beginning and a living tribute. It will be a source of comfort and meaning to those who have suffered a loss and help to ease them through a difficult time. As one life ends, a new life begins. This program is not restricted to those served by Dods & McNair Funeral Home and Chapel. Everyone is invited to participate.

WHERE: The DODS & McNAIR MEMORIAL FOREST is prominently located at Island Lake Conservation Area, Orangeville. The Circular path of the Memorial Forest, is directly off the main entrance of the Island Lake Conservation Area. Benches and a memorial stone have been put in place. Shelterbelts and wildlife habitat corridors are being developed in many areas, and over time, those started will be extended in length and planting density as new sections come into being.

WHEN: The program was initiated August 1st, 2002 and has been in the planning stage for 10 years. A Dedication Service is held annually. This service is open to all who wish to attend. The Dedication Service is conducted outdoors at the Memorial Forest Dedication site.

WHY: The DODS & McNAIR MEMORIAL FOREST was established in recognition of the severe depletion of our forests. It is never too late to be a vital part of the efforts to save and improve our air and water for the future of our children. This program is our small part of the major endeavor to reforest and to reduce the greenhouse effect, improve air quality and provide food and cover for birds and wildlife. The Memorial Forest Program not only pays a significant tribute to the memory of a loved one, but also assures a better environment for generations to come.

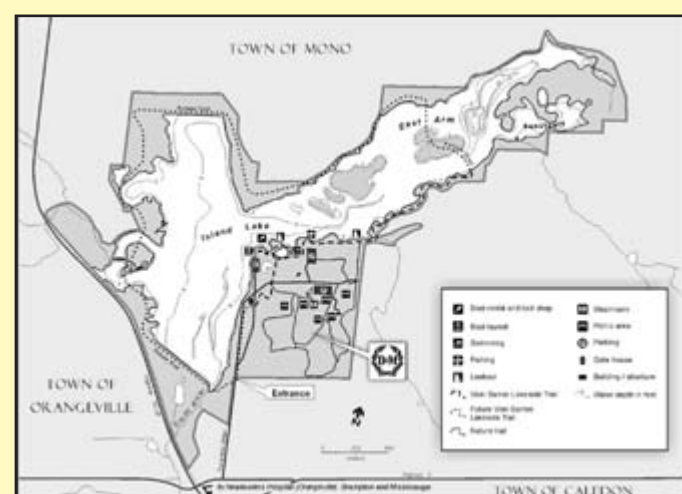

HOW: The planting of a tree may be arranged through the Dods & McNair Funeral Home & Chapel. It is a lasting tribute. As part of the tribute, the family of the deceased receives an In Memoriam card, stating a tree will be planted in the DODS & McNAIR MEMORIAL FOREST, in memory of their loved one. The name of the deceased will be engraved on a plaque and placed on the Gazebo in the Memorial Forest at Island Lake Conservation Area, as well as being listed in the Dedication Service brochure.

COST: There is no charge, for a Memorial Tree, to those families who choose Dods & McNair Funeral Home & Chapel for a service. A Memorial Tree will be planted to honor the memory of the deceased, by the Gauthier Family and staff of Dods & McNair Funeral Home & Chapel as an expression for the confidence and trust placed in our firm. Dods & McNair also makes this program available to all others in our community, who wish to participate. A memorial tree may be planted in memory of a loved one through this program regardless of the duration of time since the death, where the death occurred, or where a service was held. The current cost to have a tree planted is \$50.00. Cheques must be made payable to the CREDIT VALLEY CONSERVATION FOUNDATION. Payment, along with the name(s) of the individual(s), who a tree is being planted in memory of and the name of the individual who is to receive the In Memoriam card are to be forwarded to the Dods & McNair Funeral Home and Chapel, for processing. A receipt for income tax purposes will be issued from the Credit Valley Conservation Foundation. The cost is for the tree only. Dods & McNair absorbs all costs for the development, administration and maintenance of the Memorial Forest Program and receives no remuneration for the development or maintenance of the program. More than one tree can be planted in memory of an individual or a tree may be planted in memory of more than one person.

The species and location of the trees are determined solely by the staff of the Credit Valley Conservation, based upon the greatest need. The

site originally contained remnants of a wet forest, primarily soft maples. The native character of the forest will be maintained as we plant additional trees including: maple, ash, cherry, birch, elm, oak, cedar, tamarack, spruce, hemlock and pine.

We are proud of this mutual commitment with the Credit Valley Conservation at the Island Lake Conservation Area, Orangeville. We are pleased to share the news of this unique and remarkable program. The Memorial Forest is to be a place where people may enjoy and study nature, as well as take time to pause and reflect. We envision that The Dods & McNair Memorial Forest will continue for many years and our hope is that the solace that nature offers, particularly in the depths of a living forest, will be of comfort and benefit to all. If you would like further information about the Dods & McNair Memorial Forest, Please call (519) 941-1392 or visit our website www.dodsandmcnair.com. The Dods & McNair Memorial Forest Program was developed by the Gauthier Family of the Dods & McNair Funeral Home & Chapel in co-operation with the Credit Valley Conservation at the Island Lake Conservation Area, Orangeville.

JULY 31ST, 2009 WAS THE LAST DAY TO PURCHASE A TREE FOR A LOVED ONE'S NAME TO BE INCLUDED IN THIS YEAR'S SERVICE.
