Eco Tip #28 from your Sustainability Action Team
Help reduce waste -- pay attention to goods and packaging. Evaluate your purchases and consider how they contribute to your household waste. Buy more durable goods and re-usable products. And ask for products with less packaging.

NOTICE

ANNUAL HYDRANT MAINTENANCE PROGRAM

From September 14th to the end of November 2009, on Mondays, Tuesdays, Wednesdays and Thursdays, Water Works Staff will be flushing fire hydrants and conducting flow tests as part of a regular hydrant maintenance program.

Due to sedimentation, this flushing may cause discoloration, so please check your cold water supply before using. If discoloration does occur, let the cold water run until it is clear.

Users are also reminded that Water Works Staff will continue to regularly flush hydrants in some areas in Town on subsequent Wednesdays as part of its regular maintenance program. Again, the water should be checked for discoloration before using it on those days.

The Town appreciates your co-operation and understanding during the hydrant flushing program.

J. Tupling, P. Eng., Director of Public Works

EXTENDED SERVICE OFF-SITE, AFTER-HOURS CIVIL MARRIAGES

Tribute to Veterans

In 2003, the Town of Orangeville and the Ladies' Auxiliary of The Royal Canadian Legion Col. Fitzgerald (Ont. An Honour Roll listing the names of these veterans is displayed in the Atrium at Town Hall. To ensure all names are included, please feel free to drop by Town Hall anytime between 8:30 a.m. to 4:30 p.m., Monday through Friday, to view the Roll, or you may telephone Lori Szarmes at 519-941-0440 Ext. 244, and speak to her directly.
