

Novice Select Flyers declaw Milton 9-0

The Orangeville Novice Selects may have started their season later than others but the young team more than made up for the wait with a convincing 9-0 win over the Milton Winterhawks on Saturday. Playing at the

Tony Rose Memorial Sports Complex before a largely partisan home crowd, the Flyers controlled the pace of the game from start to finish. Leading 2-0 after one period of play, the Orangeville offence exploded after that,

adding four goals in the second and three more in the third for the win. John Duggan started in goal for the Flyers with Barrett Ockenden taking over the net-minding duties midway through the second. With Orangeville's

defence making it tough for Milton to get much going in the Flyers end, both Duggan and Ockenden were solid between the pipes, turning away whatever shots came their way. Flyers offensive stars were easy to find with

the line of Bradley Penney, Brody Still and Ben Stenning leading the way. Stenning potted three goals, Still chipped in with two of his own and Penney was the setup man on four Orangeville markers.

Defensively, the team as a whole played very strong, but particularly noteworthy were the efforts of Anthony Wilson and Ben Ferguson, who also added assists to the cause.

FORMER CANADIAN Heavyweight Boxing Champion George Chuvalo takes a moment to help tape up Bigtyme's Ben Beebe along with Jamie Farris just before entering the ring in his scheduled bout at the KO Cancer fundraiser held last Friday night in Caledon East. Photo/MIKE MALONEY

Senior Royals avenge Junior loss

Continued from pg B1 adding a basket of her own.

Desperation could be seen on the faces of the Thunder players but

Shelburne lacrosse

Shelburne is not known as a lacrosse hot-spot but the local organization is garnering some accolades in the Ontario lacrosse community.

Hannah Early, a native of Shelburne was recently named to the Women's U19 Canadian lacrosse team. Early 'cut her teeth' in the sport playing box lacrosse with the local organization, playing right up through to the midget level when she switched over to the Women's game and this

they refused to give up and, trailing 49-38 with 1:42 left on the clock, pulled a rabbit out of the hat.

Sabrina Fell and

marks the first time a female player from Shelburne has earned a place on the national stage.

Working behind the scenes, Barry Trood has been a driving force in establishing and growing the sport of lacrosse in Shelburne. For his efforts, Trood was presented with the "Mr Lacrosse award" - the Thomas Teather Trophy at the Ontario Lacrosse Association's annual general meeting held in Niagara earlier this month.

Courtney Capko scored four and two points respectively before Kottlenberg rolled in. She hit for three baskets in a row and sank two free throws to tie the score at 51-51.

But the Royals were not to be denied and wasted no time in sealing the deal.

Sidney Beam broke the deadlock, picking up two off a rebound before Rachel Krushinsky stepped up for Shelburne. Adding

to her nine points already, she counted for six more while Alison Whitten chipped in with three to boost the Royals past the standing champions and claim the District 4 Senior Girls basketball title by a final score of 63-53.

CDDHS will now advance to play St James on Wednesday (results unavailable at press time) in the CWOSSA AAA qualifier against St James.

TWISTERS GYMNASTS Amber Rae and Alexia Emslie were two local athletes competing at the 2009 Tour Selection meet held in Mississauga this past weekend. Rae finished third overall in the level Eight competition, earning a spot on the eight member Ontario team traveling to compete at Cal State Fullerton University in February of 2010. Emslie finished 25th overall among 57 athletes competing in level seven. Both athletes will be joined by fellow club members on the weekend of November 27-29 when they compete at the Provincial Qualifier being hosted by the Twisters Gymnastic Club at their facility in Orangeville. Greenbelt debate

Continued from pg B1 dairy farms. Now, in the same area, he can only count 10.

He places some of the blame for the vanishing

agricultural industry on interference from governments that "don't worry about the family farm. They worry about being elected."

Specifically, he used an example where, in times of financial stress, a farmer could sell off a parcel of his land to catch up. The Greenbelt, he said, would forbid a farmer from doing that.

"With more Greenbelt," summarized Mr. Reid, "there will be a lot more bureaucrats and a lot less property rights."
